True wireless earbuds for work and life

Tune into a world full of sound and free of noise with these earbuds. Whether you're on a video call or into your playlists, these wireless earbuds are designed to keep you productive, connected and entertained.

Say hello to your new work buds

Each bud has a three-mic array that triangulates on your voice and minimizes surrounding noise so you're always loud and clear whether you are in a meeting or on a call.

Status and audio controls at your fingertips

The touchscreen charge case lets you remotely control your earbuds, switch Bluetooth(R) connections, wirelessly connect to inflight entertainment systems* and recharge your buds twice [1].

Won't wear out its welcome before you finish your day

Designed for all day wear, these ear buds are lightweight and come with 3 sizes of conical-shaped ear tips engineered for maximum comfort.

Featuring

Clear, distraction-free calling

Keep out distractions with adjustable hybrid adaptive active noise canceling (ANC).

Advanced noise reduction

Three microphones per earbud and WindSmart technology for clearer outdoor calls.

Discrete, comfortable design

Look and sound your best on calls with these discreet wireless earbuds.

Easy connection to Bluetooth® devices

Connect up to two Bluetooth® devices via the touchscreen case.

Charge case with touch screen

Easily configure and control your earbuds using the touchscreen charge case.

Wirelessly connect on airplanes

Touchscreen charge case offers a 3.5 mm connector for wireless entertainment on airplanes.

Messaging Footnotes

[1] Voyager Free 60+ UC.

Technical Specifications Footnotes

[1] SoundGuard Digital Plantronics owns sophisticated algorithms including: Protects against Acoustic Shock by limiting sounds to below 118 dBA; G616 anti-startle protection that limits the noise level to below 102 dB SPL and is therefore compliant to the Australian Communications Industry Forum (ACIF) G616 recommendation; Average daily noise exposure measures and controls sound to prevent the average daily sounds exposure from exceeding 80 dBA or 85 dBA time-weighted average (TWA).
[2] Requires Poly Lens Desktop App to enable SoundGuard Digital features.
[3] Requires downloadable software on Poly.com/lens. Host PC requires Windows 10 or higher.
