## Distribution with *Benefits*

At NTS Direct, we believe in providing the best customer experience possible by simplifying the technology procurement process. We reinvent the traditional distribution model with a consultative sales approach focusing on design, training, and support to create sales and profitability opportunities for resellers and manufacturers.

We are committed customer specialists in partner on-boarding and identifying/meeting the unique needs of value-added resellers, managed service providers, integrators, and ITSPs.

**NTS Direct is a value-added  
distributor of voice and data technology.**
