Yealink W73H Datasheet

Yealink DECT Handset

The Yealink W73H is the new generation of stylish, modern wireless handsets designed for business use with a new ID design that is sleeker and convenient to carry. It has better battery life and communication quality.

Combining the benefits of wireless communication with the rich business features of Voice-over-IP telephony, it empowers users with convenient wireless communication, excellent speech quality, and encrypted call information through reliable DECT encryption technology. Its graphical color display will provide a comfortable and joyful user experience for all-day work.

The W73H is perfectly compatible with Yealink W70B. The W73P system can support 10 handsets, 10 SIP accounts, and 20 simultaneous calls (2 calls per handset).

The W73H will be perfectly compatible with the Single-Cell W70B and W75/W80/W90 Multi-Cell System, providing more options for your office expansion.
